Journal

Official Journal of the British Cardiac Society

Editorials

- 1 Lipid lowering in the young *G R Thompson*
- 3 Imaging the thoracic aorta *J H Reid*
- 6 Physical activities in patients with congenital heart disease *D Kitchiner*
- 8 Investigating mother-infant interaction *G Crow*
- 10 Stamps in cardiology *M K Davies, A Hollman*

Stamps in cardiology

- 11 William Harvey (1578-1657) *M K Davies, A Hollman*

Review

- 13 Digital storage and transmission of cardiovascular images: what are the costs, benefits and timetable for conversion? *J D Thomas, S E Nissen*

Original articles

- 18 Out-of-hospital cardiac arrests in Helsinki: Utstein style reporting *M Kuisma, T Mäntä*
- 24 Increased serum concentrations of interleukin-1 β in patients with coronary artery disease *D Hasdai, M Scheinowitz, E Leibowitz, S Sclarovsky, M Eldar, V Barak*
- 29 Skeletal muscle metabolism during exercise in patients with chronic heart failure *M Schaufelberger, B O Eriksson, P Held, K Swedberg*
- 35 Abnormalities in exercising skeletal muscle in congestive heart failure can be explained in terms of decreased mitochondrial ATP synthesis, reduced metabolic efficiency, and increased glycogenolysis *G J Kemp, C H Thompson, J R Stratton, F Brunotte, M Conway, S Adamopoulos, L Arnold, G K Radda, B Rajagopalan*
- 42 Quality of life and cardiorespiratory function in chronic heart failure: effects of 12 months' aerobic training *T Kavanagh, M G Myers, R S Baigrie, D J Mertens, P Sawyer, R J Shephard*
- 50 Neuroendocrine response to standing and mild exercise in patients with untreated severe congestive heart failure and chronic constrictive pericarditis *R Ferrari, I S Anand, C Cecconi, F De Giuli, P A Poole-Wilson, P Harris*
- 56 Disturbed mother-infant interaction in association with congenital heart disease *F V Gardner, N H Freeman, A M S Black, G D Angelini*
- 60 Family planning requirements in the adult congenital heart disease clinic *H Leonard, J J O'Sullivan, S Hunter*
- 63 Clinical implications of hypertrophic cardiomyopathy associated with mutations in the α -tropomyosin gene *K Yamauchi-Takahara, C Nakajima-Taniguchi, H Matsui, Y Fujio, K Kimisada, S Nagata, T Kishimoto*
- 66 Familial right ventricular dysplasia with biventricular involvement and inflammatory infiltration *B Pinamonti, D Miani, G Sinagra, R Bussani, F Silvestri, F Camerini, and the Heart Muscle Disease Study Group*

Audit

- 70 Measuring outcomes: one month survival after acute myocardial infarction in Scotland *S Capewell, S Kendrick, J Boyd, G Cohen, E Juszczak, J Clarke*
- 76 Cardiac catheter complications related to left main stem disease *J D Kovac, D P de Bono*

Case reports

- 79 Prenatal detection and progression of right coronary artery to right ventricle fistula *G K Sharland, M Tynan, S A Qureshi*
- 82 Left common carotid artery arising from the pulmonary artery in a patient with DiGeorge syndrome *S-F Huang, M-H Wu*

Short cases in cardiology

- 84 Aortic stenosis in homozygous familial hypercholesterolaemia *L Rallidis, P Nihoyannopoulos, G R Thompson*
- 86 Right coronary artery pseudoaneurysm after blunt injury to the chest *J Iemura, H Oku, H Shirotani*
- 87 Post-exercise vasospastic angina in a patient with normal coronary arteries: presentation and follow up of an unusual case of variant angina *C E Schotborgh, D R Düren, K I Lie*
- 88 Failure to obtain a transoesophageal echocardiographic window because of a rolling hiatal hernia *R A Cooke, J B Chambers*

Images in cardiology (23) • Abstracts in cardiology (62) • Letters to the editor (90) • Notice (92) • Instructions for preparing papers for *Heart* (93)
